Description:

This Foil Eyeshadow adds light and luminosity to the eyelids. The combination of KTZ® pearlescent pigments gives the rose color while the small particle size of KTZ® SM EXTRAFINE RUSSET provides the foil effect. For adhesion, substantivity of the formula to the skin and rub resistance, KOBOGUARD® HRPC was used. T.I.O. provides spreadability and PM WAX 82 imparts structure. MSS-500W provides glide and contributes to a non-oily touch.
