## Description:

KOBOGUARD® NATURAL PXF is the main base of this mask. It is natural, paraben-free, acrylate free and helps to retain actives. It is a water soluble film former that doubles this formula as a leave on mask when dried that can be either peeled off or washed off with water. It also contains pullulan which is known for promoting younger looking skin and has a high degree of breathability which provides a light feeling on the skin. Hyaligo® is a low molecular weight, high-purity Sodium Hyaluronate produced through an enzymatic process, which enhances deep skin hydration and supports cell repair. KOBOPEARL® PERPETUAL SHEEN BlueViolet is a synthetic mica based pearl that gives the formula its pearly sheen. KTZ® SM BRIGHT MAUVE and KTZ® ROYAL BLUE are synthetic and natural mica based pearls that gives the formulas bulk color.
