Description:

This temporary hair makeup is a leave-in formula that washes out with shampoo. Indicated for all hair types, it imparts color and brightness. It is composed of a combination of amino acid treated pigments, BTD-ASG2 and BRO-ASG3, and pearlescent pigments K-RAY® PERPETUAL SUMMIT RED and KTZ® ARUBAN CORAL. KOBOGUARD® MQ75ETS, a water-insoluble resin is used to provide product wear. COSMOL™ 182V is a hydrophobic emulsifier that contributes to product stability. CSF-3504, a silicone gum and MST-547, a polymethylsilsequioxane microsphere, give a pleasant sensorial experience upon application.

Manufacturing Procedure:

1. Combine Part 1 and mix until homogeneous.
2. Combine Part 2 and mix until complete disperement of the pigments.
3. Add Part 1 to Part 2 slowly and mix until homogeneous.
4. Add Part 3 and mix until homogeneous.
5. Add Part 4 and mix until homogeneous.
