Description:

This creamy lip liner pencil is perfect for outlining the lips or filling them in to be used as a base for lip gloss. Featured in this product are Kobo's DOP pigmentary dispersions, which give the creamy, glide on application while providing the high coverage shade. KTZ® FINE WHITE slightly lightens the shade to achieve a peachy hue. The combination of PM WAX 82 and KOBOGUARD® HRPC give structure to the pencil, while KOBOGUARD® HRPC also aids in long wear. FLORITE PS-10 absorbs excess oil and slightly strengthens the structure. CARESS® BN18 aids in smooth application and adds a slight sheen.

Manufacturing Procedure:

1. Combine Part 1 and heat to 85° C while prop mixing until all waxes are melted.
2. Add Part 2 and mix until uniform.
3. Slow down mixing to remove any air bubbles that may have formed.
4. Syringe into lip liner component at 80° C.
