| 10.00 | BRB DM 10 | Dimethicone | BRB |
| 100.00 | | | |

Description:

This lipstick is characterized by its extreme matte look, intense color and supremely velvety skin feel. But what really makes it special among formulas with similar properties is the absence of microplastics, such as Nylon-12 or silicone resin powders which are normally used in such formulations in abundance. The mineral microsphere chosen is MSS-500/N, a low absorption, 12 micron average particle size spherical silica that contributes to the great velvety feel. PM WAX 82 is used to help build a strong and resilient stick, SunBoost ATB for its skin protecting properties, KOBOGUARD® HRPC for film forming and INBP dispersions for their suitability in matte formulations.

Manufacturing Procedure:

1. Mix Part 1.
2. Add Part 2 and heat to 100 °C until all solids are melted.
3. Add Part 3 and mix.
4. Combine Part 4 and add to the main vessel.
5. Keep at 100 °C and stir for 30 minutes.
6. Pour into molds.

FORMULATIONS

Product formulations are included as illustrative examples only. Kobo Products Inc. makes no representation or warranty concerning the efficacy or safety of any product manufactured using such formulations. All statements concerning the possible use of Kobo Products Inc. are for research purposes only. Responsibility for the performance or adequate testing of any product prior to sale or use of any such product lies with the manufacturer thereof.

USE OF PRODUCTS

Products sold by Kobo are designed, manufactured and sold for industrial use only. Prior to use of any such product for any application other than an industrial use, the user has the sole responsibility and obligation to determine the suitability of any such product for any such application.

PATENT STATUS

Nothing contained herein shall be construed to imply the nonexistence of any relevant patents or to constitute a permission, inducement or recommendation to practice any invention covered by any patent, without authority from the owner of the patent.

LIMITATION OF LIABILITY

Kobo Products Inc. shall in no event, whether the claim is based on warranty, contract, tort, strict liability, negligence or otherwise, be liable for incidental or consequential damages, or for any other damages in excess of the amount of the purchase price.
